## Summary

Experienced Software Developer Ready to Bring Your Ideas to Life!

### About Me:

With a passion for problem-solving and a knack for quick learning, I am a dedicated software developer ready to tackle your projects head-on. I have honed my skills in both front-end and back-end development, ensuring that I can bring your visions to fruition seamlessly.

### What I Offer:

**Full-Stack Expertise:** From crafting elegant user interfaces to optimizing database performance, I am proficient in every aspect of the development process.

**Fast Learner:** No challenge is too daunting for me. I thrive on learning new technologies and methodologies to deliver innovative solutions.

**Effective Communication:** I understand the importance of clear communication in project success. I'm here to listen to your needs, provide regular updates, and ensure your satisfaction every step of the way.

**Problem Solver:** Complex problems are opportunities for me to shine. I enjoy dissecting challenges and finding efficient, effective solutions.

### # Technologies I Excel In:

**Programming Languages:** C#, Javascript, Python, Dart

**Frameworks:** .Net Core, NextJs, React, Flutter, Django, TailwindCss, Bootstrap

**Databases:** SQL (SQL Server, PostgreSQL)

**Others:** Git, RESTful APIs, Docker

### Let's Work Together:

Whether you're a startup looking to build your MVP, an established company seeking to revamp your application presence, or anyone in

between, I'm here to help you achieve your goals. Let's collaborate and turn your ideas into reality!

#### Contact Me:

Feel free to reach out to me via [HazhirYousefi2002@gmail.com](mailto:HazhirYousefi2002@gmail.com) to discuss your project requirements. I'm excited to hear from you and embark on this journey together!

---

## Experience

### BitleApps

#### Software Developer

February 2024 - Present (11 months)

As a dedicated software developer at Bitleapps, I contribute to building innovative and user-focused web and mobile applications. I leverage a diverse technology stack, including React, Next.js, Django, Flutter, Tailwind CSS, PostCSS, and Docker, to deliver impactful solutions.

One of my proudest achievements is designing and developing our company's website, showcasing our brand and capabilities through a seamless, high-performance platform. Committed to driving growth and enhancing user experience, I thrive on solving complex challenges and delivering top-quality results for our team and clients.

### Hotiday

#### Frontend Developer

February 2024 - September 2024 (8 months)

Collaborated with Hotiday to develop a responsive and performance-driven front end for their website using React, Next.js, Tailwind CSS, and PostCSS. Leveraged modern web development practices to ensure a seamless user experience and visually appealing design.

This project highlighted my expertise in frontend development, attention to detail, and ability to deliver quality results that align with client expectations.

### Sazmanyar

#### Full-stack Developer

March 2024 - July 2024 (5 months)

Tehran, Iran

Full-Stack Developer at Sazmanyar, I built a full WarehouseManagement from scratch for the company.

### Arvin Rayan System

Software Engineer

July 2022 - February 2024 (1 year 8 months)

Tehran, Tehran, Iran

I work as a full-stack developer in an ERP project With the technologies .Net Core API (backend) and React (fronend).

---
